

Giraffe FUN FACTS

1

An adult male giraffe can grow to 5.5m! That's taller than three adult humans!

2

Giraffes not only have long necks but also long tongues, which can be as much as 53 cm long!

3

Giraffes can run at speeds up to 35 mph over short distances.

4

A group of giraffe is called a Tower! That quite a fitting name for these tallest mammals!

5

Giraffes can devour upto 45kg of leaves and twigs in a day. That's some appetite!

6

Much like human fingerprints, giraffes have unique coat patterns.

7

Giraffe sleep standing up and survive on just 30 minutes of snooze time a day!

8

Giraffes have a gestation period of 15 months!
