## BINGO CALLING CARDS

What should we do with plastic, paper, and other materials to help reduce waste?

**Recycle**

This natural resource provides oxygen and homes for wildlife. What is it?

**Tree**

This weather phenomenon helps water the plants and keeps the Earth hydrated. What is it called?

**Rain**

These large structures use the power of the wind to generate electricity. What are they called?

**Wind Mill**

Instead of driving, you can do this to reduce pollution and stay healthy. What is it?

**Walk**

This eco-friendly item is used to carry groceries and can be used over and over again. What is it called?

**Reusable Bag**

This large body of water is home to many animals and covers most of the Earth's surface. What is it called?

**Ocean**

This small insect helps pollinate flowers and plants. What is it?

**Bee**
